## DISARRANGED THEIR PLANS

Diplomatic Corps at Washington  
Will Have to Forego Their Summer Vacations.

### PREPARING TO FOLLOW NEGOTIATIONS

Selection of Washington as Place of Meeting of Peace Conference Will Compel Most of the Foreign Attaches to Remain at the National Capital—Much Activity Displayed in Diplomatic Circles

Washington, June 17.—Already the epoch-making meeting to be held between the plenipotentiaries of Russia and Japan to discuss means of ending the war has received a name. In dispatches to Europe from the embassies and legations here it is briefly termed "the Washington conference."

The announcement of the selection of Washington as the scene of peace making has caused practically the entire diplomatic corps to suspend indefinitely its programme for the summer. Despite the reticence of both belligerents that they propose to negotiate directly with one another, the European powers are preparing to follow each step of the negotiations as closely and as intelligently as cautious and reserved plenipotentiaries will permit and to do this the European envoys must be on the ground. The informal announcement in the White House that after convening the conference here if the plenipotentiaries were expressed by the heat, the probably would adjourn to some watering place in New England has aroused the hopes of the envoys of the neutral powers that such will be the decision. Among the diplomats whose plans probably will be disarranged by the coming conference are M. Jusserand, the French ambassador, who, if he goes to France this month as he had planned, must return in time for the conference. Baron Speck von Sternburg, who has planned to spend his leave in Germany, and Sir Mortimer Durand, the British ambassador, who had already closed his embassy when the preliminary negotiations necessitated his return from Lenox. If the conference does not convene until September some of the diplomats will make brief visits to Europe mainly for the purpose of getting in touch with the views of their respective governments.

This will not be the first time the diplomatic corps has been kept in Washington in the summer because of important negotiations. The preliminary peace negotiations immediately after the war with Spain and the Boxer troubles and subsequent negotiations in the summer of 1900, demonstrated to them the mid-summer conditions here.

Diplomatic activity in the last few weeks has exceeded the record established during the Venezuelan negotiations in the winter of 1900, and has recalled vividly the scenes immediately following the ending of the war with Spain. There have been con-

ferences at the White House morning, afternoon and evenings, and the subject of peace negotiations naturally taking precedence over all other official business at the executive offices. Not only has the president sent frequently for various diplomats interested directly or indirectly in the question but a small circle of diplomats, including besides Count Cassini, the Russian ambassador, and M. Takakura the Japanese minister, Baron Speck von Sternburg, the German ambassador, Mr. Jusserand, the French ambassador, Sir Mortimer Durand, the British ambassador, and Baron Mayor des Planches, the Italian ambassador, have called at the White House at all hours of the day and until 11 o'clock at night to discuss peace, the president giving a great deal of his time to the question. In this way the White House is informed daily not only of what Japan wishes Russia to know and vice versa but of the views and suggestions of European capitals generally.

Next to the belligerents themselves Germany has shown the most keen interest in the selection of a place for the negotiations. From the outset she has both here and at St. Petersburg and Tokio exercised powerful influence to get the negotiations to Washington. It was the emperor's belief that only in Washington would the negotiators be free from the unsolicited interference of neutral powers.

**Russian Press Comment.**  
St. Petersburg, June 17.—Commenting on the selection of Washington as the place of meeting for the peace plenipotentiaries, the Novoe Vremya calls upon Russian diplomacy to prepare to struggle seriously and not repeat the drifting policy which the Russian diplomats followed before the war, to decide what Russia wants and to act accordingly.

The House Gazette demands that men representing "new" and not old Russia shall be sent and adds: "The other powers are already expressing fears that Russia and Japan will arrive at a rapprochement which will decide the destiny of eastern Asia. These fears should be a powerful instrument in the hands of the Russian plenipotentiaries."

The Listok says the world formerly manifested alarm at "the Russian advance" eastward but now seems indifferent to "Japan's advance" westward through Korea and Manchuria. "In 1895," the paper continues, "Germany, France and Russia protested against Japan exploiting China. Today no power comes forward to stay Japan's victorious march. Russia stands alone and a peace will be forced upon her which will be prejudicial to the interests of Europe."

**Chicago is Advertising.**  
Chicago, June 17.—A movement to have the peace negotiations between Russia and Japan take place in Chicago, should a change from Washington be desired, was inaugurated Friday. The Illinois Manufacturers' association which represents \$1,000,000,000 of invested capital and employs 500,000 men, took the initiative by asking the governor of Illinois and the mayor of Chicago to join in extending an invitation.

## UNEARTHING CORRUPTION

Mayor Weaver's Crusade in Philadelphia Causing Some Sensational Developments.

### CROOKED OFFICIALS TO BE ARRESTED

Insurance Commissioner Durham and State Senator McNichol Among Those Named as Being Liable to Arrest—Chief Engineer Hill Resigns a \$17,000 Position at Mayor's Request.

Philadelphia, June 17.—There were highly interesting developments Thursday in Mayor Weaver's crusade for good government. The fight against the trolley franchise was for the moment forgotten in the light of what developed at the hearing of Select Councilman Frank H. Caven, who is charged with violating his councilmanic oath by being interested in city contracts. During the hearing it was shown that Insurance Commissioner I. W. Durham, the leader of the republican organization in this city, is a partner in the McNichol firm of city contractors.

It was also shown that white James P. McNichol, who is now a state senator and one of the republican leaders, was in city councils, the McNichol firm consisted of Durham, Mrs. James P. McNichol, John M. Mack and Daniel J. McNichol, a brother of James P. McNichol. It was also shown that after James P. McNichol left the council his wife withdrew from the firm and that her place was taken by himself.

As a result of what developed at the hearing Mayor Weaver late Thursday accepted the resignation of John W. Hill, chief engineer of the bureau of filtration, and also that of his son, Henry W. Hill, who was assistant to his father. Chief Hill was the highest salaried official in the city, his compensation being \$17,000 a year. Simultaneously with the acceptance of the resignations all work on the city's filtration system was ordered stopped. The office of chief Hill was placed in charge of Assistant Director of Public Works Hicks and the city's officers at the filtration plants were put in charge of detectives with instructions to permit no one to remove any records or documents.

The filtration system has cost the city about \$22,000,000 and it will take upwards of \$5,000,000 more to complete the work. The McNichol firm has had contracts for about three quarters of the work.

Persistent rumors are in circulation to the effect that the man whose arrests are being considered, if they have not already been decided upon, are State Insurance Commissioner I. W. Durham, State Senator James P. McNichol, former Director of Public Works Peter E. Castello, John W. Hill, whose resignation as chief of the filtration bureau was accepted Thursday by Mayor Weaver, immediately after the revelations at the Caven hearing, and one or two men who were employed as inspectors in various portions of the filtration work.

Former Secretary of War Root of Counsel for Mayor Weaver, arrived here Friday from New York and went immediately to the city hall where he went into conference with the mayor and the advisory board of 14 citizens.

Oscar Noll, assistant commissioner of highways, tendered his resignation Friday, and it was accepted by the mayor. Noll has been under suspension since the beginning of the gas lease fight.

### NO MORE RACE TRACK BETTING

Life of Missouri Breeder's Law Ended Friday—Laws to be Rigorously Enforced.

St. Louis, June 17.—Friday was the final day of the life of the "Breeder's law" passed several years ago, to place race track betting under the control of the state. The repeal bill passed during the recent session of the legislature, which becomes effective 30 days after the passage, goes into effect Saturday, and the penalty of violating the anti-betting bill is imprisonment in the penitentiary. Of the two St. Louis race tracks, Union will close but Delmar will continue. It is stated, an Eastern system of speculating on race results will be adopted. In reply to an inquiry at Jefferson City Friday, Gov. Folk said: "If the turf association is found to be conducting its business contrary to the statutes of the state, it will be stopped."

## SHAKEUP IN RUSSIAN NAVY

Grand Duke Alexis and Admiral Avellan Tender Their Resignations to Emperor Nicholas.

### RESIGNATIONS PROMPTLY ACCEPTED

Care Lost on Time in Issuing a Receipt Relieving His Uncle of the Supreme Direction of the Navy—Action Caused a Great Sensation Throughout the Russian Empire.

St. Petersburg, June 17.—The sensational announcement was made shortly before midnight that Grand Duke Alexis, the high admiral, who is an uncle of the emperor, and Admiral Avellan, head of the Russian admiralty department had resigned. This announcement was followed a few minutes later by an imperial rescript relieving the grand duke of the supreme direction of the navy which he had held since the days of the emperor's father, Alexander III, when Russia resolved to enter the list as a first class sea power and to build up a great navy, the remnants of which were destroyed in the battle of the Sea of Japan.

The words of the rescript give no hint of imperial anger and the real explanation probably will not leak out for several days, but the instant disposition was to regard the retirement of Grand Duke Alexis and Admiral Avellan as a concession to public opinion, following the crowning tragedy of the Sea of Japan. Charges of mismanagement and inefficiency and tales of corruption and even worse, against the marine department have been rife for years. After the war began they increased ten fold and lately a regular campaign against the department has been openly conducted in the newspapers. Some startling revelations have been made in this campaign and Capt. Clado who was one of the leading critics of the conduct of the navy, was dismissed from the service for his persistence.

The retirement of Admiral Avellan has not yet been published. The names of Vice Admiral Billeff, who is returning from Vladivostok, and of Vice Admiral Choukkin, commander of the Black sea fleet, are mentioned among those likely to succeed Admiral Avellan.

### Tried Japanese Tactics.

St. Petersburg, June 17.—Gen. Linevich in a dispatch to the emperor dated June 15 reports that a Russian turning movement forced the Japanese to retire from Iloilo June 11, after burning their supplies. Another Russian force June 12, advanced from the valley of the Tsin river to the village of Yanchowang pushing back the Japanese advance posts. The same day the Russian cavalry occupying Nanshanfcherai retired slightly northward.

### Millions for Tunnels.

Reno, Nev., June 17.—The announcement is made that a contract for the construction of the tunnels through the Sierra Nevada mountains has been let by the Southern Pacific Company and that work on them would begin within a month. There are to be five tunnels in all and the main one will be five miles long. The contract calls for an expenditure of over \$25,000,000.

### The Dancing Masters.

Columbus, O., June 17.—The American National Dancing association Friday elected Oscar Doryea of New York president and selected Boston for next year's meeting. The new national organization, the United Professional Teachers of Dancing in America, decided Thursday night to discard the word "professor" as a much-abused word.

### Chicago Grand Jury Still Probing.

Chicago, June 17.—Testimony as to alleged corruption in connection with strikes was heard Friday by the grand jury. A number of business men and two women answered subpoenas to appear before the inquirers. The women were said to have lived at a hotel frequented by labor leaders.

### Killed Her Children and Herself.

Dubuque, Ia., June 17.—Mrs. Paul Klass, has killed her four small children and committed suicide at her home near Kiler, Wis., eight miles east of Dubuque. She used a large butcher knife, cutting their throats. The oldest child was six and the youngest a baby. The woman had been in ill health.

### To Indict Packers.

Chicago, June 17.—Proposed indictments against officials of at least five packing firms who said to have been presented to the members of the federal grand jury by District Attorney C. B. Morrison Friday for consideration. A report was current that the indictments had practically been voted by the jury.

Mrs. Taft, wife of the Secretary of War, will sail for England July 13.

**DRIGGERS FOUND GUILTY.**  
Sentenced to Ninety-nine Years in  
Penitentiary.

Pauls Valley, I. T., June 17.—  
The Driggers murder trial,  
which has consumed the atten-  
tion of the United States court at  
this place since last Friday, was  
concluded Thursday afternoon  
at 5 o'clock, when the jury, after  
being out seventeen hours,  
brought in a verdict of murder  
in the first degree, but prohibiting  
the assessment of capital punish-  
ment.  
This was the trial of B. F.  
Driggers for the killing of Gold  
Brady at Jesse on January 5,  
1903, and was brought to Pauls  
Valley on a change of venue from  
Ada.  
A dog fight happened in a  
moment afterwards, but the ex-  
citement was not half so great as  
when Chas. Little and A. J. Den-  
ton were holding each other in  
front of the hose this morning on  
Main street. In the scuffle the  
two antagonists fell, the "little"  
man on top. It was then the  
strength of the stream was tested  
and for a moment it was a con-  
glomeration of man, mud and  
water. In spite of being Baptists,  
water was too plentiful for them,  
and a "break away" en-  
sued. Dripping and blind they  
straggled away, not much un-  
like a couple of town rats after a  
water spout.

## A WOMAN'S DEVOTION.

Sitting on a rough wooden bench in the hallway of the U. S. court building early Saturday morning was a thin, frail little woman and in her lap nestled a few months old babe, whose plaintive cry at times sounded through the halls and rooms of the large building. The woman was the wife and the babe was the offspring of the murderer Kelly, who but a few hours before had brutally murdered the father of the little woman and placed a blot on the pages of her life which time can never efface.

What can you think of this woman's devotion? What of her peace of mind? Her father dead at the hands of her husband and yet, with the babe in her arms she walked some twelve miles in the broiling rays of a June day sun with the thermometer near the 100 point she followed her idol to the barred door and their waited for a word of comfort from him. She, in her simplicity, had promised to love and obey him, to stand by him at all times, and how well she is keeping her vow, God and you are the judges.

A study of her face revealed nothing. It bore a set expression, but not a tear dimmed her eye. Her cheeks, browned by the southern breezes, were slightly sunken, and as she arranged her clean, modest calico gown, her hand not even bore a tremble, and at times she shot a furtive glance at the open door of the hall that led to the cell occupied by her promised protector.

When court was called she occupied a seat beside her aged mother and recently made widow while her eyes never left the form of her young husband at the bar of justice. What a burden her heart-strings must have borne! What a battle must have been fought within her breast! Can you imagine a more trying situation? Whom would she stand by, father or husband?

The next question the city council should handle, and that without gloves, is, how much longer shall Broadway be used as a wagon yard?

The murder of Jim Reece was the most brutal in the annals of crime in the southwest. The confession of the murderer, Frank Kelley, places him in line with Hoch, Collins, and the Hargis clique of Kentucky, and other inhuman wretches who have placed an extremely low price on human life.

Ada citizens are undergoing a test of their physical abilities every time they make a trip to the post office from Main street. At times it is a hard proposition to get through the crowds lined up on the sidewalk along the soft drink stands and if these places are allowed to stand, instructions should be given to keep the walk clear.

## Francis Happenings

Doings and Goings of Our Neighbors on the North

Ed Hodge is reported quite sick this week.

Quite a number of our people will attend the picnic at Black today.

The little son of Mr. and Mrs. Dave Watson has been quite sick for the past few days, but is reported better today.

Farmers are reporting the corn as fast injuring now for want of rain. Some fields have not been plowed since the rain and now are too hard to plow.

Mrs. Laur accompanied by her daughter, Mrs. Williams who have been visiting Mrs. L. L. Edwards of our town, will start for their home at Stuttgart, Ark., today. Mrs. Laur is the mother of Mr. Edwards.

Dr. S. M. Richey, the Frisco

surgeon at this place, was called to Sasakwa last night to look after the injuries of one Mr. Barnard, a section hand, who was struck by a hand car. The doctor reports no serious injuries, however.

Mrs. Ella Sharp, of Alma, Ark., passed through Francis Friday enroute for home. She has been on a prospecting tour for several days, and has decided to make Sulphur her home in the near future. Mrs. Sharp is a cousin to Mrs. Dr. Padberg of our town.

Mrs. Dr. Threadgold of Allen, who went to St. Louis some time ago to undergo a surgical operation is expected to return today. Her many friends are glad to learn that the operation was all that could be desired, and that she is well on the way to complete recovery.

Land of Intermarried Whites.  
Muskogee, I. T., June 17.—There is some talk among leading members of the Cherokee council of a special meeting to dispose of the 25,000 acres of land claimed by the intermarried whites.

The United States court recently decided the intermarried whites were not entitled to this property, which probably will be awarded to children born within the last three or four years, in accordance with an act of congress of July 1, 1902.

S. S. Stephens, a member of the council, who was in this city Friday, said Chief Rogers, of the Cherokees had received several letters bearing on this question recently, while he has no doubt that President Roosevelt would sanction such action.

Pay Tax or Stop Business.

Muskogee, I. T., June 17.—Indian police will be sent to Wago-

ner and other towns in the Creek nation next week and all merchants who have not paid their tribal tax will not be permitted to transact business until they have done so.

Nearly every business man in Muskogee has paid the tax, and there will not, it is believed, be any difficulty in collecting from the merchants of other towns.

Christain Endeavor.

Shawnee, Ok., June 17.—The Christain Endeavor Society of Oklahoma and Indian Territory, met in convention in the Presbyterian church in this city Friday morning. The session will occupy three or four days. Five hundred delegates are in attendance. The program includes many prominent church workers from all over the union.

Anadarko, Ok., June 17.—The Hitchcock Cement Works at Hitchcock, Ok., was destroyed by fire Friday, entailing a loss of \$85,000 with only \$13,000 insurance. All the buildings and working property, together with a car of hair, was a total loss. Combustion was the cause of the fire.

This was a new and thriving enterprise, and is a hard blow to Hitchcock.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of Asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have been saved years of suffering." ## In the United States Court

In the Indian Territory, Southern Judicial District at Ada.

The application of the incorporated town of Ada for the annexation of contiguous territory.

Now comes the incorporated town of Ada, a municipal corporation duly incorporated under the laws of the state of Arkansas, put in force in the Indian Territory, and would respectfully show to the Court that the corporate limits of said town include an area of five hundred and fifty-nine and ninety one hundredths acres of land, a plat of which is filed herewith and marked exhibit "A" and made a part of this petition. The said map filed showing the original corporate limits is indicated thus:—and the lines indicating the territory proposed to be annexed are marked making a total number of acres proposed to be annexed six hundred and thirty. That all that portion of said map which is proposed to be annexed to the said town of Ada is settled and occupied by citizens of said town as residences and that a number of said parties are business men of said town.

That it would be for the best interests of the people who reside in said town and also for the best interest of the people who live in the part proposed to be annexed that said territory be annexed to said town and the incorporate limits be extended around the said territory and inclose the same in the incorporate limits.

That the territory proposed to be annexed is known and described as follows, to-wit:

The west one-half of the southwest one-fourth of the northwest one-fourth of section thirty-three, twenty acres; the east one-half of the east one-half of section thirty-three, one hundred and sixty acres; the southeast one-fourth of the northeast one-fourth of section thirty-two, forty acres; the east half of the southeast one-fourth of the southeast one-fourth of section thirty-two, twenty acres; the northeast one-fourth of the southeast one-fourth of section thirty-two, forty acres; all in township four, north, range six east of the Indian base and meridian. The northeast one-fourth of the northeast one-fourth of section five, ten acres; the west one-half of the northwest one-fourth of section four, eighty acres; the southeast one-fourth of the northwest one-fourth of section four, twenty acres; the northeast one-fourth of section four, one hundred and sixty acres; all in township three north range six east of the Indian base and meridian, containing in all six hundred and thirty acres.

That said question of annexation was submitted to the qualified voters of the town of Ada on the 4th day of April, 1905, and that a large majority of said voters declared in favor of said annexation, which is evidenced by a certificate of said election filed herewith and marked exhibit "B" and made a part of this petition.

That said election was submitted to the qualified voters of the said town thirty days before said election by publication in the Ada News a newspaper published in said town.

Wherefore the premises considered your petitioner the incorporated town of Ada Indian Territory prays that said cause be set down for hearing at some date fixed by the Court, and that on a hearing thereof the said territory be annexed to the incorporated town of as described herein, and that the Court make further orders in the premises as may seem proper.

B. C. King, Attorney for petitioner. B. C. King, on oath states that he is attorney for the petitioner in the above styled matter and that the allegations and statements contained herein are true as he verily believes.

B. C. King, Subscribed and sworn to be before me this 16th day of May, 1905.

James E. Webb, Notary public. IN THE UNITED STATES COURT, Southern District of the Indian Territory, at Ada.

In the matter of the application of the incorporated town of Ada, I. T., No. 555, for the annexation of contiguous territory. On this the 18th day of May, A.

D. 1905, at Chickasha, I. T., in chambers, came on to be heard application of the petitioners in the above matter for the annexation of contiguous territory.

It is therefore ordered that a hearing of the above application be had in open Court at Pauls Valley, Southern District of the Indian Territory, on the 29th day of June, A. D. 1905, and that petitioners be duly notified of such hearing by the clerk of the United States Court in Ada, and that said petitioners cause to be published for three consecutive weeks, prior to thereto notice of such hearing.

J. T. Dickerson, Judge U. S. Court, Southern District, Ind. Ter.

United States of America, Indian Territory, Southern Judicial District.)

I, C. M. Campbell, Clerk of the United States Court within and for the Southern District of the Indian Territory, do hereby certify that the above and foregoing is a true and correct copy of an order of court made on the 18th day of May, A. D. 1905, at Chickasha, I. T., in chambers fixing date of hearing on application above, filed in my office at Ada, Indian Territory, May 20th 1905, and entered in court journal B, at page 350.

In testimony whereof I hereunto set my hand and affixed the seal of said court, this 20th day of May, A. D. 1905.

C. M. Campbell, Clerk, By A. H. Constant, Deputy.

Now therefore, in pursuance to the above order I will on the said 29th day of June A. D. 1905, at Pauls Valley in open court, or as soon thereafter as the court will hear the same, ask that an order be made by the court annexing the territory described in the above petition to the territory included in the incorporate limits of said town.

All parties will take notice of same, and appear before the court at the said time and place and oppose the said order if they so desire.

This the 22nd day of May, A. D. 1905.

The Incorporated Town of Ada, By B. C. King, Atty., For petitioners.

were early in their seats Friday as  
much interest was manifested in the  
report of the committee on closer

three leading synods in the denomina-

see united and it is believed the report  
of the committee will make the way  
clear. Leading members said Friday,  
however, that the union would not  
come about this year but that the  
committee would be continued from  
year to year until the union was ef-
